

FISCAL NOTE

HB 2916 - SB 3144

January 31, 2008

SUMMARY OF BILL: Requires the Department of Safety upon issuing a driver license to provide a statement whereby the holder of such license may certify such person's status as an intended recipient of an anatomical gift.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$32,600 / One-Time

Assumptions:

- According to the Department of Safety (DOS), the department would require approximately 400,000 new driver license applications to include the intent of drivers to be anatomical gift recipients.
- Printing costs are estimated to be \$64 per 1,000 copies.
- The one-time increase to state expenditures for printing new applications is estimated to be \$25,600 $[(400,000 \div 1,000) \times \$64 = \$25,600]$.
- According to DOS, the department would require software modifications to two driver license programs. The one-time increase to state expenditures for computer programming changes is estimated to be \$7,000.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
